

# Voca Quest Printables!

Welcome to Voca Quest, the largest library of digital and printable resources for busy speech and language therapists. Go to [www.voca-quest.com](http://www.voca-quest.com) for more info on us, or email us on [support@voca-quest.com](mailto:support@voca-quest.com)

## Whats included:

1. How to play.
2. How to score.
3. Activity items.
4. Score card.

## Word Search initial //

Created for client by \_\_\_\_\_ on 19th Aug 2022

## How to play

1. Print and cut out the flashcards along the dotted line.
2. Ask the client to find the words in the grid.
3. When a word is found, pick the corresponding flashcard.
4. Say the word it contains accentuating the target sound.
5. Ask the client to repeat.

## How to score

- Each answer can be correct, partially correct or incorrect
- A correct answer = 1 point, partially correct = 1/2 point, incorrect = 0
- At the end of the activity add up all points and calculate the percentage accuracy from this result

Within Voca Quest we use this percentage accuracy to create, suggest, or attain specific goals for the client, auto-generating certificates upon attaining a goal.

These are the boundaries we use for this:

- < 60% = auto-generated goal
- < 80% = suggested goal
- 80% or above 3 times = goal attained
